For a glossy, satin or matt effect - use our varnishes!

icm.com.ua | icm@icm.com.ua

WATER BASED ACRYLIC PAINTS

77 colors in range + 3 varnishes (gloss, matt, satin) in 12 ml bottles: including 6 clear colors, 10 basic colors, 11 metallics.

The paint is prepared for application with a brush from a bottle, for an airbrush diluted with water or acrylic thinner 40 - 60%.

ICM paints has a high coverage. All colors can be mixed with each other to achieve the most accurate shade.

Once dry, the colors are permanent and waterproof. They are resistant to oils, enamels, washes, solvents or any potentially aggressive technique.

ICM VARNISHES

ICM paints have a matt surface after drying. To give a glossy or satin texture, an appropriate varnish must be used. Use a matt varnish to visually level the surface.

ACRYLIC PAINT SETS

ICM PRIMER

For best results, the surface should be pre-coated with a primer, on which the paint is then applied.

To facilitate the creation of various effects and color modulation, our primers are available in 6 different colors, most commonly used in modeling.

17 ml

ICM THINNER

When using an airbrush, the paint should be thinned with our ICM thinner in a proportion close to 50/50.

The acrylic thinner is odorless and can be used to clean the airbrush.

Optimally adapted for use with ICM paints.

50 ml

3001
Cobra AH-1G
for aviation of Vietnam

3003
Marder 1
for German AFV WWII

3005
G7107
and other WWII US vehicles

3006
Soviet AFV
for Soviet AFV WWII

3007
Invader B-26K
for aviation of Vietnam

3008
OV-10A Bronco
for aviation of Vietnam

3009
Laffly
for French AFV

3010
Basic acrylic colors
Basic acrylic colors

3011
Soviet trucks
for Soviet trucks

3004
80 color (77 paints + 3 varnishes)
