Section 1 - Product and Company Identification

AK INTERACTIVE S.L.
Applicant : C/ Valsalado, 2. Pol. Ind. La Portalada. 26006 Logroño (La Rioja)
info@ak-interactive.com / www.ak-interactive.com / 0034 941 22 30 64
Product Name : SPIDER PRO
Main Test Model : JY038
Nervous phone : /
Product Photo :

Section 2 – Composition/Information on Ingredients

Ingredient Name:

The difference between the single product and mixture: mixture,

Constitutes:

Chemical Formula	CAS No.	Content/%
Aqua(Water)	7732-18-5	62.82
Ceteareth-25	68439-49-6	10
Kaolin	71332-58-7	10
Glycerin	56-81-5	5
PEG-7 Glyceryl Cocoate	68201-46-7	7
Fragrance		0.2
Styrene/Acrylates Copolymer Ammonium	9011-13-6	1
Ethanol	64-17-5	0.2
Cetearyl Trimethylammonium Chloride	112-02-7	0.1
PROPYLPARABEN	99-76-3	0.1
PEG-90M	25322-68-3	0.1
DMDM Hydantoin	6440-58-0	0.03
Silica	14464-46-1	3
BHT		0.45

Section 3 - Hazards Identification information

Invasion way: Ingestion is strictly prohibited.

Environmental hazards: Biodegradable material, no environmental pollution.

Explosion Hazards: Sealed low temperature storage, avoid long-term exposure.

This report shall not be altered, increased or deleted. The results shown in this test report refer only to the sample(s) tested. Without written approval of TST, this test report shall not be copied except in full and published as advertisement. TST Physical & Chemical Lab.

Section 4 - First Aid Measures

Eye contact: No stimulation

Skin contact: No stimulation

Inhalation: No stimulation

Ingestion: It is forbidden to take internally. It is suitable for external use.

Section 5 - Fire Fighting Measures

Hazardous Characteristics: Release of harmful fumes when heated to decomposition temperature.

Extinguisher: Bubble, carbon dioxide, dry powder, sandy soil.

Extinguishing method: In case of fire, it should be promptly cut off the ignition point near the burning ways and wear suitable protective clothing, wear a respirator equipped, use fire extinguishing agent from the upwind direction of the wind down. Cooling after extinguishing water.

Extinguishing Note: Remember to switch off the power supply, evacuation of personnel. Firefighters need to wear protective masks.

Section 6 - Accidental Release Measures

Emergency Action: Dry sand or felt seal leakage mouth, then dry sand mixed spill with plastic shovels load register, and buried in open places.

Personal Protection: Wear boots and protective clothing, wearing masks, rubber gloves and protective glasses.

Environmental protection measures: Prevent entry into sewers in order to avoid congestion.

Section 7 - Handling and Storage

Note:

1. Open the doors and windows, to ensure good ventilation in the construction site.
2. Is strictly prohibited fireworks, away from the fire source, to prevent static fire.
3. The use of this product before trial, materials and construction techniques to verify the suitability of the proposed, to meet the requirements before the official use.

Precautions to be taken in handling and storing

1. Stored in a cool, well-ventilated area.
2. In the storage of the product should pay attention to ventilation and prevent the fire close to and electrostatic generation;

This report shall not be altered, increased or deleted. The results shown in this test report refer only to the sample(s) tested. Without written approval of TST, this test report shall not be copied except in full and published as advertisement. TST Physical & Chemical Lab.

SDS Report

Date: Jan. 21, 2025

Page 4 of 6

3. Keep out of reach of children & pets.

Section 8 - Exposure Controls & Personal Protection

Operation Control: Open windows and door to ensure that the construction site is well ventilated.

Hygiene measures: Follow general precautions, contaminated clothing must be replaced immediately, wash hands after work.

Section 9 - Physical and Chemical Properties

Appearance and properties: Cream

Melting point (°C): No Material

Boiling point (°C) : No Material

Flash point(°C) : No Material

Burning hot (kJ/mol): No Material

The critical temperature (°C) : No Material

Critical pressure (MPa) : No Material

Solubility: No Material

Section 10 - Stability & Reactivity Data

Chemical Stability: Stable.

Conditions to Avoid: N/A

Hazardous Decomposition Products: N/A

Hazardous Polymerization: N/A

Section 11 - Toxicological Information

Toxicological Information: N/A

Excitant: N/A

Primary irritant effect

- on the skin: No irritant effect.
- on the eye: No irritant effect.
- Sensitization: No sensitizing effects known.

This report shall not be altered, increased or deleted. The results shown in this test report refer only to the sample(s) tested. Without written approval of TST, this test report shall not be copied except in full and published as advertisement. TST Physical & Chemical Lab.

SDS Report

Report No : TST202501Q2474-6EN

Date: Jan. 21, 2025

Additional toxicological information:

The product is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version.

When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

Toxicokinetics, metabolism and distribution: No further relevant information available

Acute effects (acute toxicity, irritation and corrosivity): No further relevant information available

Section 12 - Ecological Information

Ecological Information:

Water hazard class 1 (German Regulation) (Self-assessment): No hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Results of PBT and vPvB assessment

- PBT: Not applicable.
- vPvB: Not applicable.
- Other adverse effects: No further relevant information available.

Section 13 - Disposal Considerations

Waste treatment methods

- Recommendation: Smaller quantities can be disposed of with household waste.

Uncleaned packaging

- Recommendation: Disposal must be made according to official regulations.

Section 14 - Transport Information

Transport Information: Not Applicable

Classification of road and rail transport: Not Applicable

UN transport Name: Not Applicable

This report shall not be altered, increased or deleted. The results shown in this test report refer only to the sample(s) tested. Without written approval of TST, this test report shall not be copied except in full and published as advertisement. TST Physical & Chemical Lab.

Section 15 - Regulatory Information

The recent Spanish legislation RD847/2011 establishes the positive list of permitted substances for the manufacture of other polymeric materials intended to come into contact with food, including the adhesives.

GB/T17519-2013 Guidance on Compilation of Safety Data Sheet for Chemical Products

SVHC Candidate List of REACH Regulation Annex XIV Authorisation (15/12/2010)

None of the ingredients is listed

REACH Regulation Annex XVII Restriction List: None of the ingredients is listed

REACH Regulation Annex XIV Authorization Recommendation List (17/2/2011) None of the ingredients is listed

Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

Section 16 - Other Information

Other Information: the above information is based on the data of which we are aware and is believed to be correct as of the data hereof. Since this information may be applied under conditions beyond our control and with which may be unfamiliar and since data made available subsequent to the data hereof may suggest modifications of the information, we do not assume any responsibility for the result of its use, this information is furnished upon condition that the person receiving it shall make his own determination of the suitability of the material for his particular purpose.

TST confirmed the ninth item, the above content as reference information only. Please the user according to the demand to judge its usability. TST has no any responsibility.
